Working with Ohio: Quick Guide for Routing ICPC Requests in NEICE

Ohio operates as a decentralized ICPC state. Correct routing in NEICE ensures timely processing. Use the guidance below when selecting the appropriate Ohio destination for placement requests.

Route These Requests Directly to the Ohio County Where the Prospective Placement Resides:

- Parent Home Studies
- Kinship Home Studies (kinship assessments or requests to license for foster care and/or adoption)

Route These Requests to the State Office: "Ohio ICPC Central (JFS)" in NEICE:

- Regulation 12 Private Adoptions
- Residential Treatment Center Placements
- Extended Foster Care (Ohio's program is called Bridges; the state office will forward the request to the regional Bridges office closest to where the youth resides or will reside)
- Foster Care or Adoptive Placements where the family is licensed or approved by an Ohio Private Child Placing Agency (PCPA) or Private Noncustodial Agency (PNA)

** Important: The sending state must include the signed contract showing that the Ohio private agency has agreed to provide supervision and outlining the payment terms.

If a Request Is Sent to the Wrong Ohio Destination in NEICE:

- If the Ohio county or office has not yet screened in the request, a Placement Request Update communication may be sent to re-route it.
- If the request has been screened in by the wrong agency, the sending state must close the request and submit a new one to the correct Ohio county or office.

Need Help Determining the Correct Routing?

Ohio DCY encourages states to reach out with routing questions. Contact the Ohio Department of Children and Youth at:
