APHSA Announces Lexie Kuznick as New Director of Policy and Government Relations

Arlington, VA: The American Public Human Services Association (APHSA) is pleased to announce that Lexie Kuznick has joined their team as the new Director of Policy and Government Relations. Kuznick brings a wealth of experience and expertise to APHSA having most recently served as the Director of Strategic Initiatives at the U.S. Department of Health and Human Services (HHS).

In her new role at APHSA, she will oversee national policy and federal affairs, as well as lead strategic engagement with members and partners in pursuit of APHSA's mission to advance the well-being of all people. She will work closely with state, county, and city human services leaders and others across the vast APHSA network to advance member priorities and strengthen the human services sector.

Reggie Bicha, APHSA President and CEO shared, "We are thrilled to welcome Lexie to our team. Her extensive experience and dedication to human services will be invaluable as we continue supporting our members and partners during this new and ever-changing policy landscape."

In addition to her most recent role with HHS, Kuznick brings many other years of experience in the human services sector to APHSA. She spent 12 years at the Colorado Human Services Directors Association (CHSDA), where she served as Director for four years, supporting the state's county human services leaders. She has also worked as a legislative assistant and counsel to U.S. Senator Frank Lautenberg and served as deputy legal counsel to the Massachusetts Legislature's Joint Committee on Revenue.

APHSA looks forward to Kuznick's contributions to its nearly 100-year commitment to building thriving communities across the country.
